**THE HUMAN IMPACT ON GREENHOUSE GASES**  
The Concentration Level of Greenhouse Gases (ppm) Increases

**EMISSION POLLUTION**  
After more than a century and a half of industrialization, deforestation, and large-scale agriculture, quantities of greenhouse gases in the atmosphere have risen to record levels and cause a host of serious problems.

**FOSSIL FUELS**  
The concentrations of CO<sub>2</sub> in the earth's atmosphere have steadily risen to an average global temperature on Earth.

**CLIMATE WARMING**  
The concentrations have been rising steadily, and mean global temperatures along with it, since the time of the Industrial Revolution.

**CARBON DIOXIDE**  
The most abundant GHG, accounting for about two-thirds of GHGs, is carbon dioxide (CO<sub>2</sub>), a largely the product of burning fossil fuels.

Transforming education with interactive displays from Solstice AV & BenQ

## Introduction

Welcome to the transformative world of education with BenQ and Solstice AV.

In this brochure, we unveil a suite of innovative interactive displays designed to empower resellers and help them enhance the learning experience.

Our solutions are crafted to provide flexible teaching methods, enhanced security, and energy-efficient operations, ensuring a safe and engaging environment for both students and teachers.

With a commitment to sustainability and cutting-edge technology, BenQ and Solstice AV offer tools that cater to the dynamic needs of modern classrooms, lecture halls, and administrative offices.

Explore how our advanced features and dedicated support services can help you create an inspiring and effective educational journey.

## What is EDLA?

Google's **Enterprise Devices Licensing Agreement (EDLA)** is a new program that extends the support and functionality of Google Mobile Services (GMS)

- Google's most used mobile apps and APIs to enterprise devices.

## Google core apps on BenQ Board

A seamless Google experience

**150+ million**

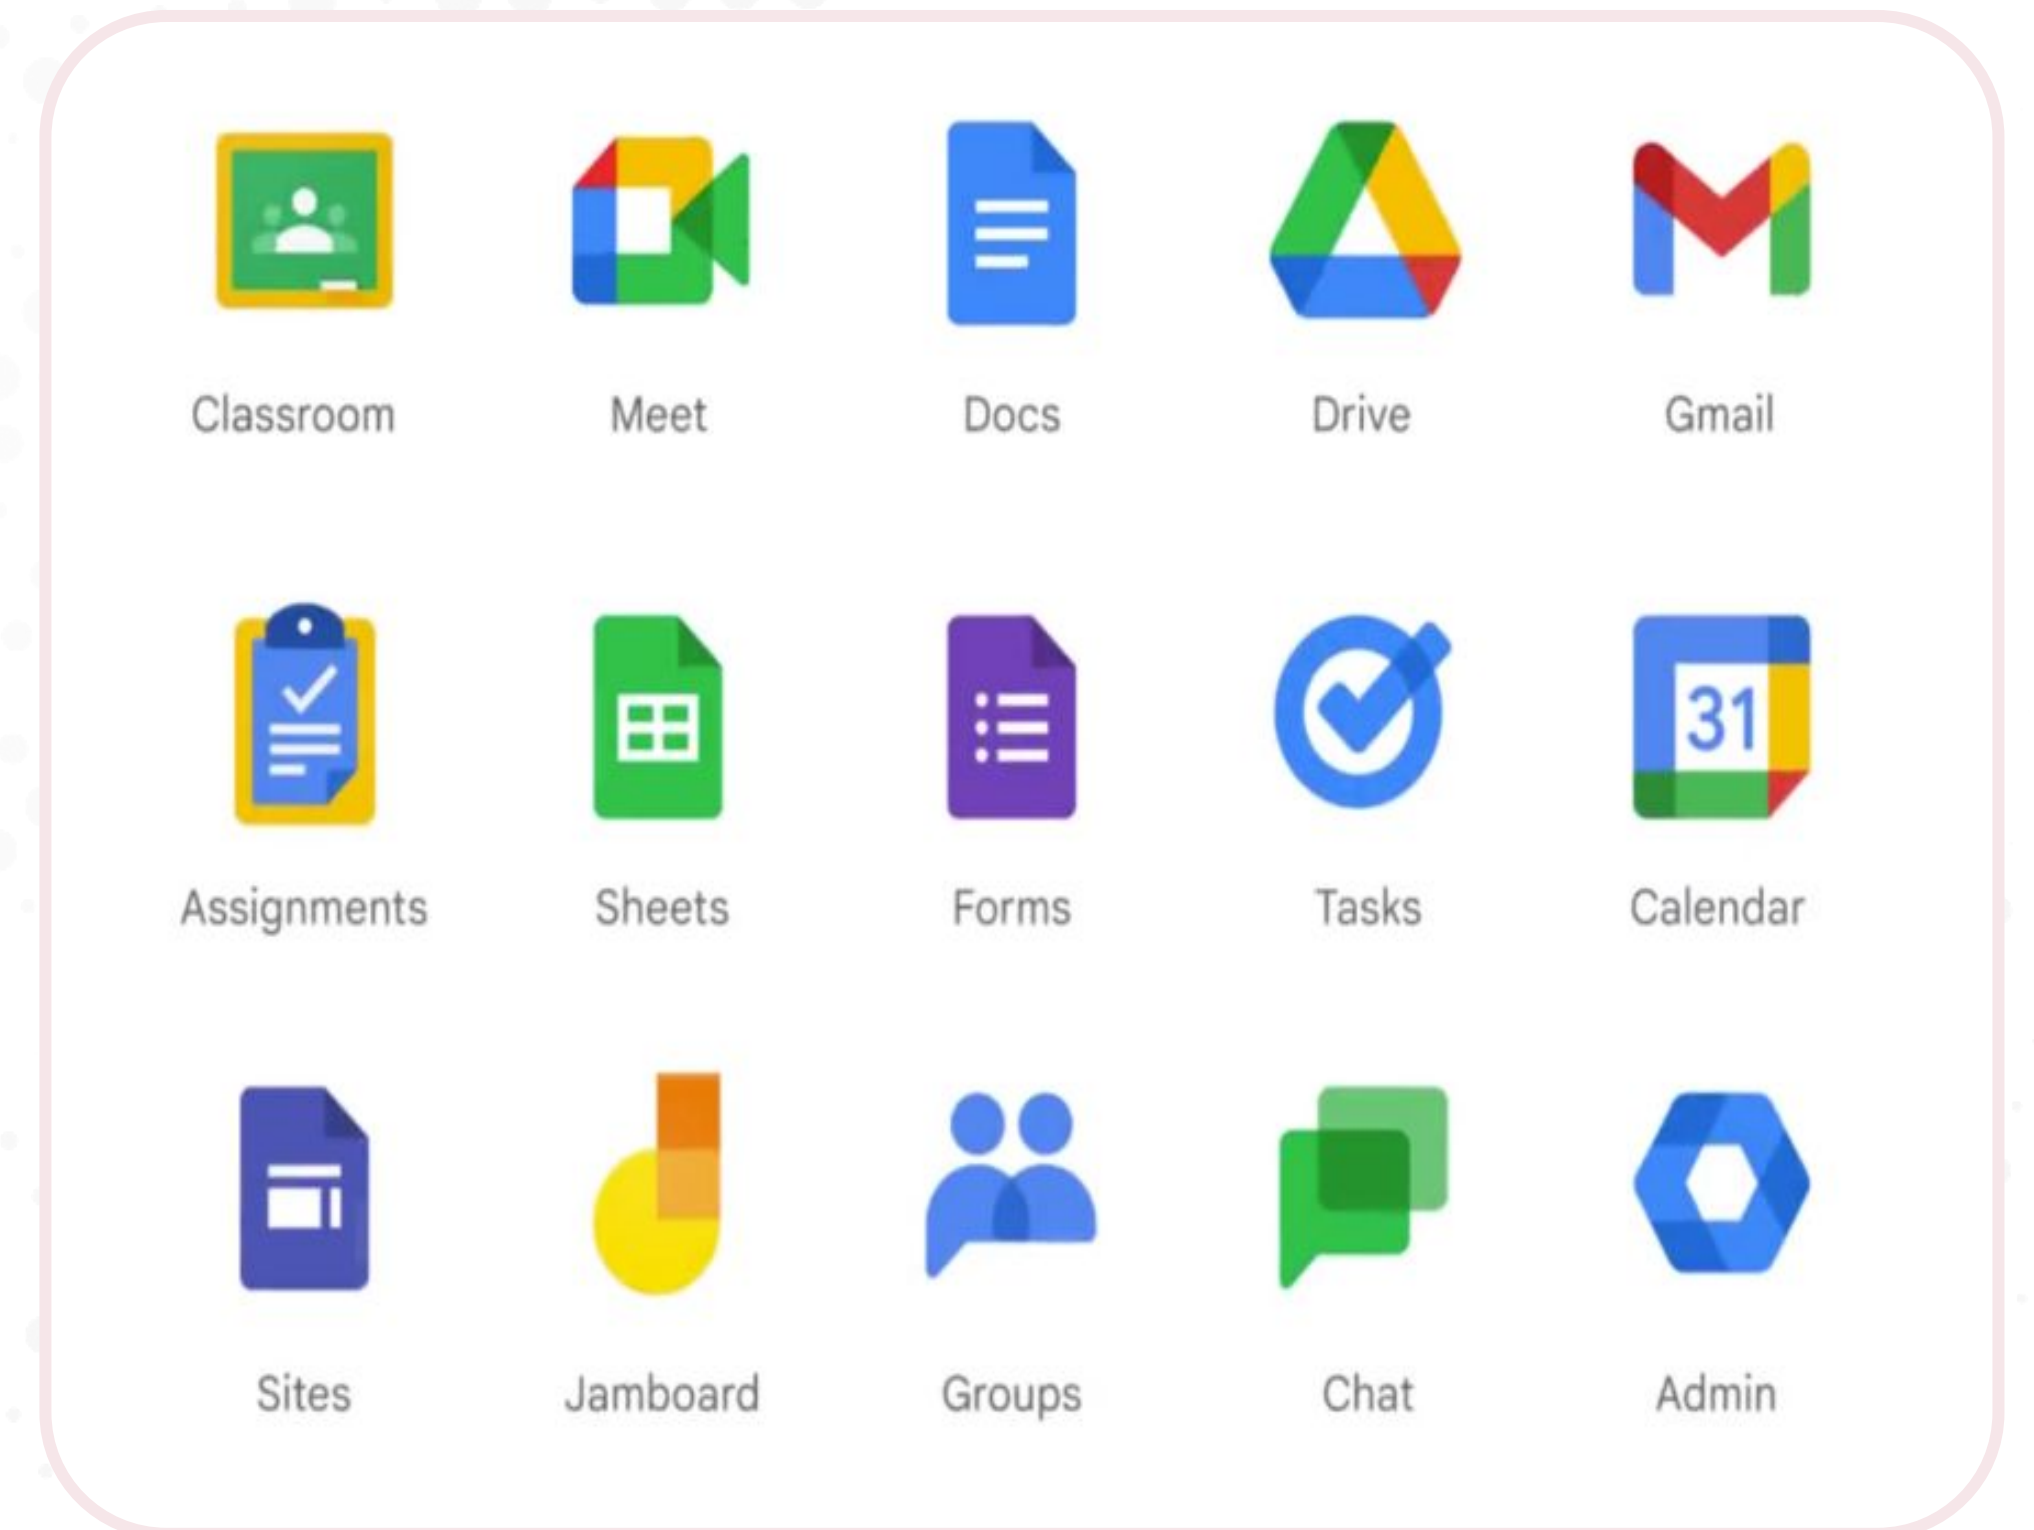

Google Classroom users

**170+ million**

Google Workspace for Education users

**50+ million**

Students & educators using Chromebooks

# BenQ is the **only brand with complete management.**

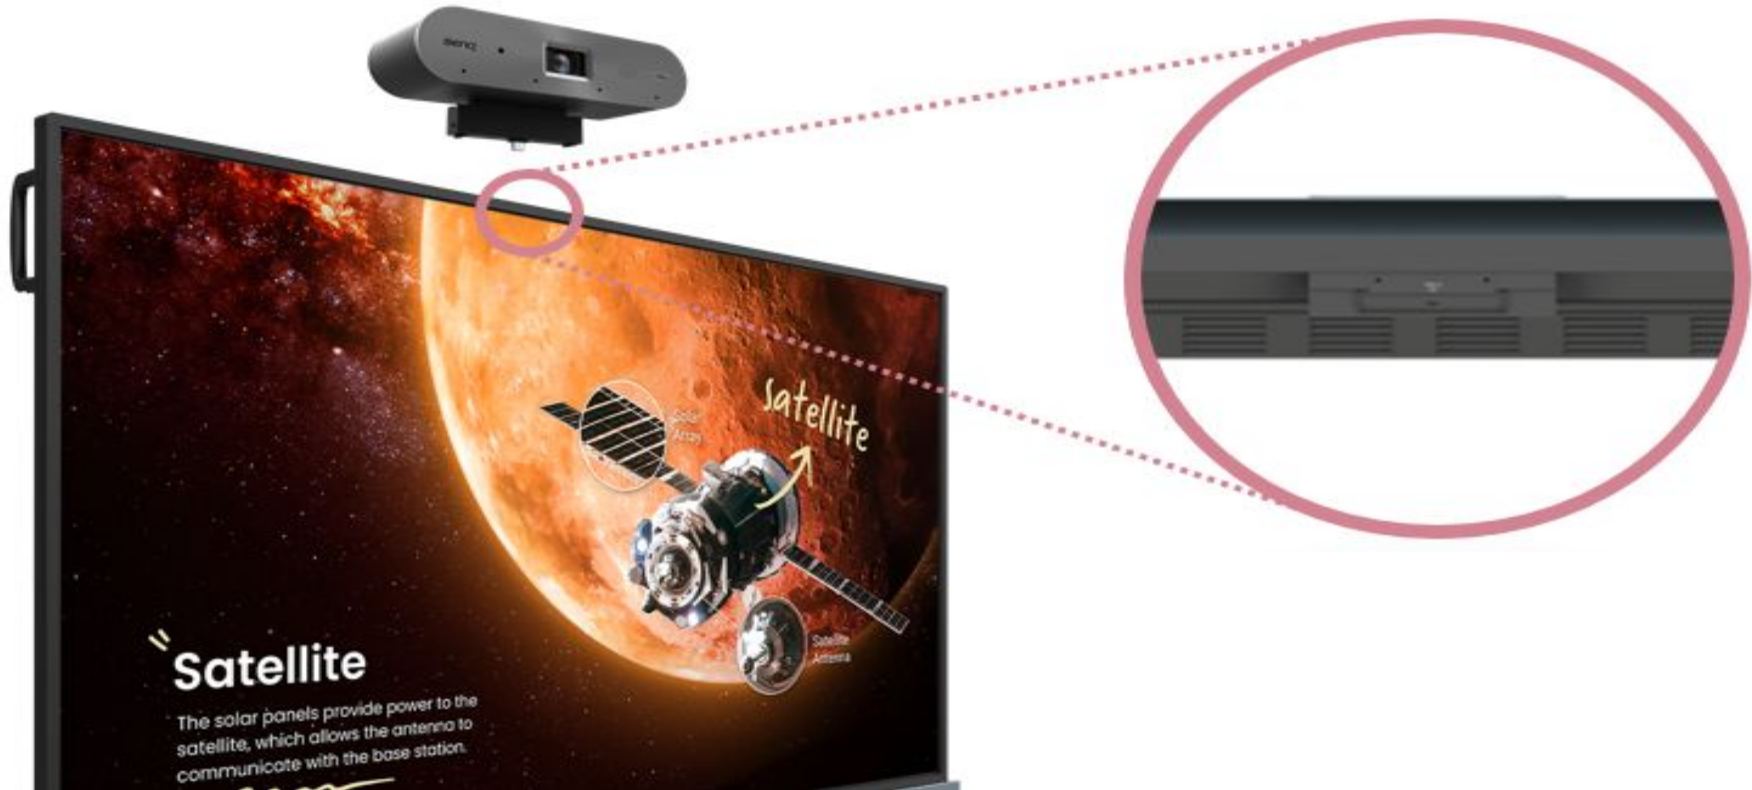

## IT Administrators

	BenQ EDLA Board	Other EDLA boards
Can you assign an administrator?	✓	✗ Aside from the person setting up the boards, there is no real administrator who can manage them remotely or control user access through domain verification.
Can administrators remotely set up multiple devices?	✓	✗ They need to physically set up devices one by one.
Can administrators remotely create user accounts?	✓	✗ They need to go to each of their boards and locally create an individual user account for each teacher.
Can administrators sync their boards with their school's existing account directory service?	✓ IAM supports syncing with ClassLink, Microsoft Entra ID, Google Workspace, LDAP servers, or other SAML-based identity providers.	✗ They have to create each user account manually.
Can administrators centrally manage and delete user accounts?	✓	✗ If the owner role is not properly set up, anyone can create and delete accounts without restrictions.

# Powerful AI Camera

**DV01K Zoom™ Certified BenQ Board AI Camera.**

## Dedicated camera port

The BenQ Board RP04 has a USB-C port on top so you can easily and securely connect our latest AI-powered camera.

## Hear from a distance

26ft (8m) audio pickup

Four built-in omnidirectional mics can pick up sound from up to 26 feet away.

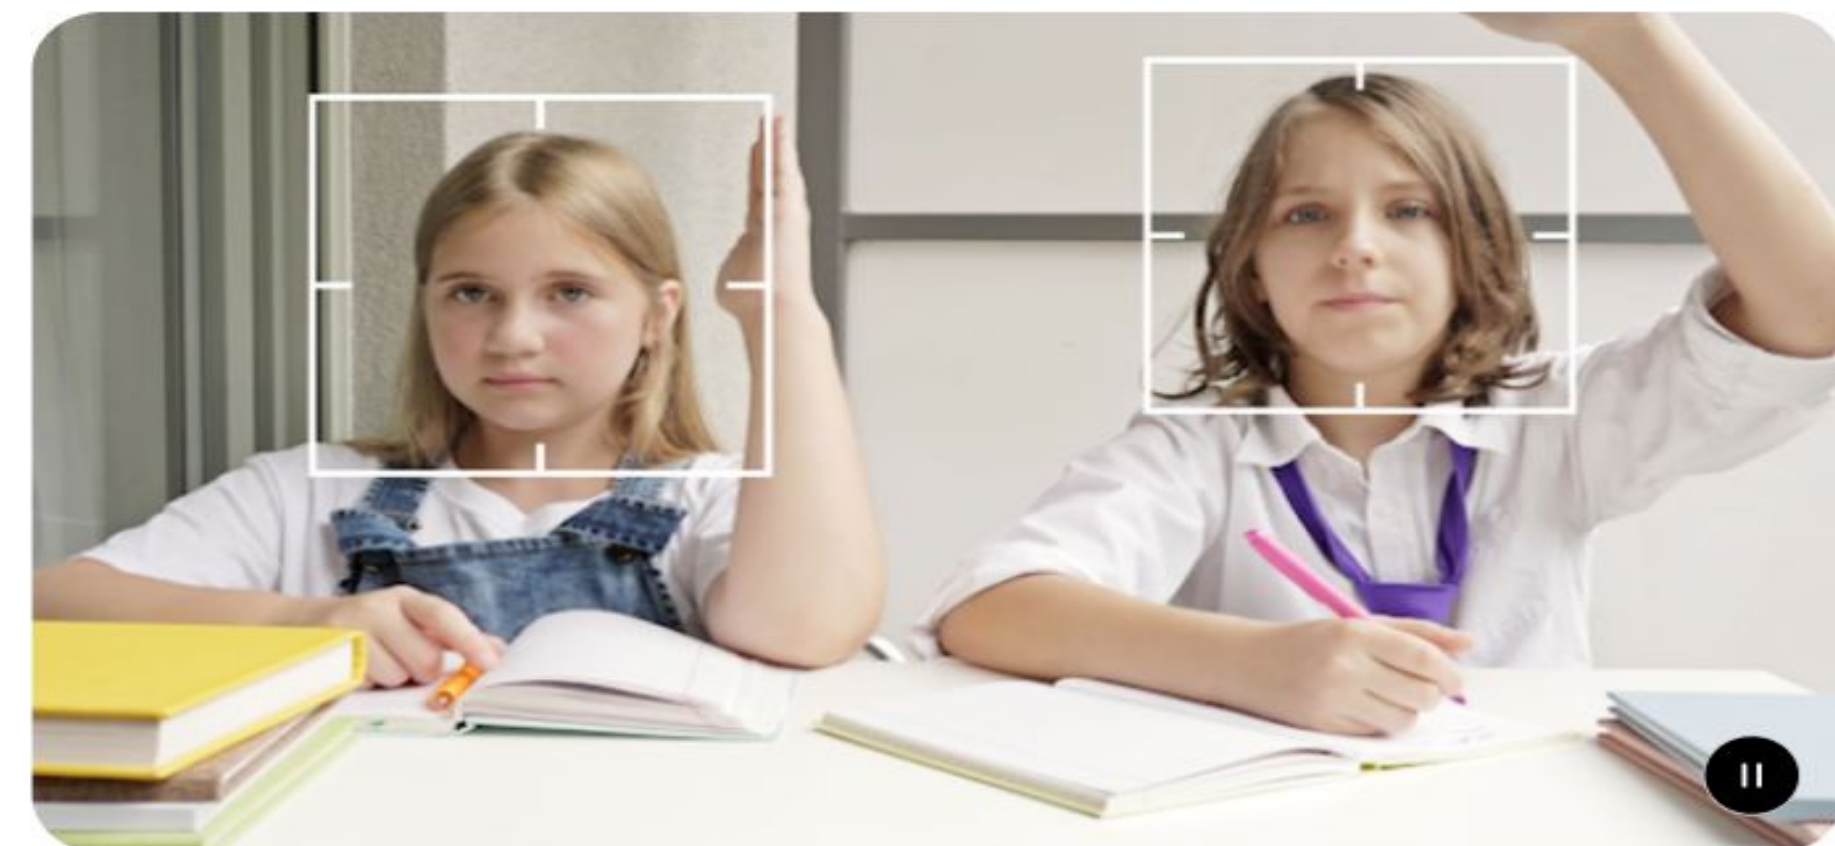

## Tune out distractions

Active noise cancellation

AI-powered active noise cancellation tunes out audio distractions.

## Keep speakers in focus

AI auto-framing uses face and voice tracking to maintain focus on the who is speaking.

## Sustainability Credentials

- **100% Renewable Energy:** Part of the RE100 initiative, committed to using 100% renewable energy.
- **Net Zero by 2050:** Dedicated to achieving net zero emissions.
- **Eco-Friendly Production:** Our factories are powered by solar energy, reducing our carbon footprint.
- **Sustainable Packaging:** Enjoy our products with 97% plastic-free packaging.
- **Green Projectors:** Made with 50% recycled plastics.

The Climate Group RE100 logo consists of a small red circle with a white dot inside, followed by the text "CLIMATE GROUP" in white uppercase letters and "RE100" in large green uppercase letters, all contained within a black rectangular border.

# Supporting Reseller Services

Whether you're planning a nationwide project, or are looking to source screens for a single site from a reliable partner, we've got you covered.

## Seasoned engineers

To work independently or alongside your team

## Hard-to-find equipment

Let us source the specialist equipment you need – and show you how to use it

## Transparency

Your client is your client. We don't sell to end users, so there's no conflict of interest.

## Unmatched after-care

Including de-install/reinstall, rapid-response SLA and tailored on-site warranties
